

LV0400 Reverse Alarm

- Reverse Alarm 12-80V 102dB
- Single Sound Level
- Solid state electronics sealed in urethane
- Voltage spike protected

LV0401 Back Up Alarm

- Back Up Alarm 12/24V 82-102dB
- Self adjusting Sound Level
- Solid state electronics sealed in urethane
- Steam cleanable
- Voltage spike protected

LV0402 Back Up Alarm

- Back Up Alarm 12/24V 87-112dB
- Self adjusting Sound Level
- Solid state electronics sealed in urethane
- Steam cleanable
- Voltage spike protected

LV0410 Foward Horn

- Foward Horn 12/24V 107dB
- Continuous Sound
- Solid state electronics sealed in urethane
- Steam cleanable
- Voltage spike protected

LV0411 Foward Horn

- Foward Horn 12/24V 112dB
- Continuous Sound
- Solid state electronics sealed in urethane
- Steam cleanable
- Voltage spike protected

LV0420 Broadband Reverse Alarm

- Broadband Reverse Alarm 12/24V 87dB
- Solid state electronics sealed in urethane
- Steam cleanable
- Voltage spike protected

LV0425 Broadband Reverse Alarm

- Broadband Reverse Alarm 12/24V 107dB
- Solid state electronics sealed in urethane
- Steam cleanable
- Voltage spike protected

LV0430 Flush Mount Reverse Alarm

- Flush Mount Reverse Alarm 12/24V 97dB
- Includes Rubber Mounting Grommet
- Single Sound Level
- IP 67 Rating
